CCPL RANGE COMMANDS

How to use these commands:

All Black Text is Spoken by Range Officer

All Red Text is not spoken and tells the Range Officer what to do

All Blue Text is a Jump down to a new line with the exact Words

All Green Text are headings

Range Commands for Slow Fire:

The range is clear; the line is no longer safe.

You may handle your firearm in preparation for slow fire.

Slight Pause - Check that every one looks ready.

This will be the slow fire portion of the National match course.

You will fire 10 rounds in 10 minutes.

Make sure your eye and ear protection is on.

Shooters on the line, with 5 or 10 rounds, load.

Slight Pause

Is the line ready?

Slight Pause

The line is ready.

Slight Pause

Ready on the right?

Check for Problems on the Right side of the Line

Ready on the left?

Check for Problems on the Left side of the Line

Ready on the firing line? (For Auto Delay turning targets, Press the Start button now)

(3 Second Delay) If you do not have turning targets wait 3 seconds before saying FIRE

Fire.

Using a Stop Watch: After 10 Minutes say: Cease fire.

(If all shooters are finished early ask) Is anymore time required?

(If anyone says YES then say) Commence firing. (If No one says YES or the Time is up - Go to next step)

Cease fire. Slides back, magazines out, cylinders open, guns on the bench, empty chamber indicators in place. Make the line safe.

(Range officer will check that all guns on the line are unloaded, and safety indicators are in place)

The range officer will stop at any location that is not in compliance and will indicate the problem, if necessary order the violation be fixed, and remain there until the problem corrected before continuing on down the rest of the line. After the line is 100% safe the next command will be given.

The line is safe. Go forward and hang a clean timed fire target. Put your name on your target and return it for scoring.

(After all shooters are back behind the line the Range officer will walk forward of the line to make sure no one else is forward of the line. If the line is clear then the range officer returns behind the line and gives the next command for time fire)

Range Commands for Time Fire:

FIRST STRING TIME FIRE:
The range is clear; the line is no longer safe.
You may handle your firearm in preparation for timed fire.
