## BROOKLYN EXPRESS

### ROLLS ON

The Brooklyn team showed no mercy this year and took no prisoners. In completing the first undefeated season since 1975-76 (Lakewood with a 1353.91 average) the Harvard Road Hotshots set 3 records:

- \* 2nd Highest team average 1410.970
- \* 3rd highest team double 2857-63X (attached record sheet was printed incorrectly)
- \* Longest string of consecutive League wins (7)

**Bill Gavrill is  
the BIG GUN  
for 1987-88 !**

In an estimated 160,000 matches shot over the last 38 years only 2 297's have been shot and both with 8x's. The first was shot in the 1969-70 season and the second was shot this year by Bill Gavrill. We don't know what John's looked like but Bill's score of 98 - 100 - 99 looked like it was shot from a Ransom Rest. Amazingly, Bill shot this record score with the same gun that he dropped out of a truck at 50 mph while rabbit "hunting".

## Julia Tomasch repeats as high woman shooter

For the second year in a row Ms. Tomasch pulled away from the rest of the field of distaff competitors like they were chained to a stump. She finished the year with a 253.566 adding more than a point to last year's average. Someone should bring Karen Leonetti out of retirement.

## Most improved shooter also female.

The most improved shooter this year was Sally Adams of Kingswood. Two years ago her husband Jake won the same honors except that he only added 48.944 point to his average compared to Sally's 52.476.

Fresh air must be good for improving scores because the 2nd most improved shooter was John Starp also from Kingswood.

Third most improved was Paul McNeeley from Brooklyn.
